OXIDIZERS

Systems and Services

What Our Customers Say:

"Since installation, S&B's oxidizer has continually destroyed 99.9% of our VOC emissions. In fact, with the help of S&B's thermal oxidizer, we won an Environmental Leadership award due to our reduction of harmful emissions!"

-John Leach, GoodYear (Veyance Technologies)

"Stelter & Brinck's equipment has kept us within code and has eliminated the possibility of any emissions fines!"

-Larry McCammon, Keihin Indiana Precision Technology

"We had S&B redesign our equipment because it was not as robust as we would have liked. Since, our site has seen a marked improvement in our equipment!"

-John Sheely, Western Digital

"S&B are experts; they have significant experience with oxidizers, which made them very easy to work with!"

-John Leach, GoodYear (Veyance Technologies)
