

# S&B Field Technicians

*Specializing in Process Combustion*

## Can You Say This About Your Current Service Technicians?

- ✓ Monthly safety training
- ✓ Current on NFPA standards
- ✓ Trained in controls, wiring, and PLCs
- ✓ Backed by in-house engineering department
- ✓ Experience with all types of combustion equipment
- ✓ Service on any shift for same cost
- ✓ Logging of process variables (allowing us to spot equipment trends)
- ✓ Promptly provided in-depth technical report
- ✓ Vans stocked with parts

*"Stelter & Brinck's technicians are not only experts, but are backed by S&B's world-class engineering department. This combination makes for combustion services that are unrivaled."*

*-Randy Corns, 3-Sigma*

*"I am very confident S&B's technicians are knowledgeable and know exactly what they are doing!"*

*-John Leach, GoodYear*

*"S&B's service technicians are professional, knowledgeable, and friendly. They are very easy to work with and have been very informative."*

*-Ben Davenport, TimberTech*

*"S&B's service reports are extremely useful; I give them to the local pollution abatement committee as proof that we are within regulations."*

*-John Sheely, Western Digital*
